BEACH CLEAN-UP

Thursday - September 13, 2019

Venue: GIRGAUM CHOWPATTY

Time: 07:30 Am to 03:00 pm

Attendance: YRC -18, Total=18

YRC of K.C. College of Engineering conducted an event that comes under the University YRC Co-ordinator .In YRC, beach cleaning event was organized by Bhavesh Shah and guided our collage professor, this event was take place at Gurgaon chaopati pandal no1 at Charni road station this event was started with group of student with great enthusiasm all students gave their 100%in cleaning purpose . This event was held after Ganpati visarajan .This event happen with more hygienic way they provide us glubs and sanitizer. They also provide us water and snacks .All students were helpfull and cooperating each other in all cleaning purpose thus all events were recorded by MTV news reporter of india TV it was live . But this is my first time to participate in a drive after Ganpati visarjan. It is always good to spread awareness about cleanliness, but it is heartbreaking to see the aftermath of the festival on the beaches. So there was school childerns also of secondary who also helping for beach clean-up. So we had enjoyed and try to clean as much as we can. Atlast,we had done whole cleaning work and reached to our respective home.

A Report on COVID Awareness event

In order to help and spread awareness to combat COVID 19 pandemic the NSS unit of KC College of Engineering and Management Studies and Research decided to post important and life saving information on help and tips to save yourself from COVID-19 spread. The event started on 27th April 2021 and commenced on 2nd May and the entire NSS unit actively participated in it.

The event started with a post showing the contact informations of Hospitals that aid COVID positive patients and went on with posts showing old and new symptoms of COVID 19, mumbai plasma donation centers, Natural eco-friendly remedies for COVID 19 then a post showing the difference between covaxin and covishield, also a post informing which type of mask is best and a one on lifespan of COVID 19 virus on different surfaces and finally a post informing everyone about the 'facts' of COVID 19.

The entire NSS unit coordinated to get the most accurate and important information in these posts and creating eye-catching designs and images for these posts. This awareness program through social media was very informative and useful to everyone.

"If you stay positive in a negative situation, you win"

Report of Worli Village Survey on 13th March 2023

On 13th March 2023, Mr. Anish Chavan, in collaboration with the NSS volunteers of KC College of Engineering Thane, conducted a comprehensive survey in Worli Village. The primary objective of the survey was to assess the level of awareness among the villagers regarding wet and dry waste segregation and their preferences for using cotton bags or plastic bags in their day-to-day lives. The survey aimed to gather crucial data to promote sustainable waste management practices and encourage environmentally friendly choices within the community.

The survey encompassed a diverse range of households in Worli Village, comprising residents from various age groups and backgrounds. The findings revealed that there is a significant need for increased awareness and education on wet and dry waste segregation. Only a small percentage of respondents practiced proper waste segregation, indicating a lack of understanding regarding its importance and the potential environmental benefits.

The Worli Village survey conducted by Mr. Anish Chavan and the dedicated NSS volunteers of KC College of Engineering Thane shed light on the urgent need for enhanced awareness and education regarding wet and dry waste segregation. Initiatives focused on education, awareness campaigns, and infrastructure improvements are essential to drive positive change and create a more environmentally conscious society.

KC NSS (2022 – 2023)

Report on "AIDS Prashna Manjusha" on 12th November, 2022

We've all heard of AIDS, but few of us know much about it. HIV is an abbreviation for human immunodeficiency virus; the term "HIV" can refer to either the virus itself or the HIV infection it causes. AIDS is an abbreviation for acquired immunodeficiency syndrome and is the last stage of HIV infection. Understanding HIV and AIDS can help you be more supportive of people who have it and reduce your chances for becoming infected. So, to spread awareness regarding AIDS, the NSS Unit of Seva Sadan College of Arts, Science and Commerce in collaboration with District AIDS Control Society Thane, organized District Level "PRASHNA MANJUSHA on AIDS" Under RRC Sponsored by Maharashtra State AIDS Control Society on 12th November 2022.

The NSS unit of K.C. college of Engineering, Thane sent 2 of its volunteers (Akshada Golhe & Siddhesh Bakre) for this Quiz Competition i.e. "PRASHNA MANJUSHA on AIDS".

The program started at around 11:30 am when the NSS Program Officer of Seva Sadan College along with the Principal introduced the volunteers to the programme and informed them about the details and flow of the competition. The quiz was held in pairs of 2 volunteers of the same college, where in question papers were distributed and given a time of 1 hour, the MCQs were to be solved regarding HIV-AIDS.

The theme of the quiz revolved around HIV-AIDS & other Health related topics. The participants had a talk regarding HIV-AIDS with a knowledgeable resource person, following which the quiz was conducted, after that some eligible colleges were selected for next round where they discuss regarding HIV-AIDS. volunteers performed well and were able to reach the final round of the competition.
