Report on  
INDUSTRY-INSTITUTE PARTNERSHIP PROGRAM -IIPP

In Association With  
Indian Institution of Industrial Engineering (IIIE)

IMC-RBNQA Quality Cell

Chamber of Small Ind. Association (COSIA)

Date: 21/06/2014

Venue: Seminar Hall

The first Industry Institute Partnership Program on Research and Development and Industrial partnership was organized at KCCEMSR on Saturday 21st June 2014 between 2:30 PM and 6:00 PM. around 20 persons from industry actively participated and deliberated on the process of institute industry partnership.

The eminent speakers from renowned industry focused on things related to Research and its importance in industry.

- 1) Dr. S. D. Borkar (Principal Scientist IMRC of Pradeep metals Limited, Rabale, Navi Mumbai) gave a presentation on Application of microwave in processing of materials. He corroborated on various applications of microwave technology in different fields.
- 2) Mr. Bapu Patil (CMD of BASP industries) and Dr. S. Barve (Deputy Director of scientific research center Mulund east, Mumbai) were the other guest of honors. All of them stressed the importance of Research and Innovation in developing world class products. Mr. Bapu Patil was very eloquent & narrated his journey from a farm boy near Kolhapur to a world class industrialist. Many participants were industrial consultants & offered to help our students to make them industry ready.

The IIPP discussed issues like what Institute can offer to Industries in terms of training, consultancy, Research and Development as well on project work and placement etc.

59 Faculties were present for the session and showed their active participation in the discussion.

The main objectives of KCCEMSR-IIPP are

- To have collaboration with the industry for mutual advantage.
- To offer basic theoretical training to the staff of industries under Continuing Education Program (CEP).
- To select the projects useful to industries for investigation.
- To get training in industries, for under graduate student/Post Graduate Faculty of the Institute for Practical knowledge.
- To help Develop Quality culture in our organizations as per ISO: 9001:2008 and IMC – RBNQA guidelines.

The session concluded with a foot note that such programs should be given concrete shape to make IIPP useful and challenging activity for the institute and industry. It also gives the motivation and inspiration to the Institute to work closely with industries and research centers such as BARC, SAMEER, ERTL, IDEMI, IIT Powai etc.
